

Boulder City Council

City Council Goals

Transportation

To develop strategies to keep congestion at reasonable levels that maintain a liveable community. To generate consensus among and between the City Council and community about the specific transportation goals.

Affordable Housing

To create and preserve housing opportunities in order to promote an economically diverse community.

Environmental Sustainability

To enact and enhance City policies that cause the Boulder community to become a nationwide environmental leader among communities, and for the City departments to be a role model of exemplary environmental practices.

Economic Sustainability

Consistent with community goals and character, encourage a strong sustainable economy to fund quality services for all citizens.
