

CITY COUNCIL GOALS

Boulder City Council

City Council Goals

Transportation

Develop strategies to manage congestion at reasonable levels and to enhance mobility to maintain a liveable community. To generate consensus among and between the City Council and local and regional communities about the specific transportation goals.

Affordable Housing

Create and preserve housing opportunities in order to promote an economically diverse and environmentally sustainable community.

Environmental Sustainability

To enact and enhance city policies that cause the Boulder community to become a nationwide environmental leader among communities. The City will be a role model of exemplary environmental practices.

Economic Sustainability

Consistent with community goals and character, encourage a strong sustainable economy to provide quality city services for all citizens.

Community Sustainability

Provide outreach and opportunities to address the needs of the underserved, under-represented, under-participating residents of Boulder so all who live in Boulder can feel a part of, and thrive in, our community

Current information on the status of the City Council goals is available on the city's website at www.ci.boulder.co.us (click on City Council and then on Council Retreats/Goals)
