

Boulder Reservoir Permit Agreement 2009

I/we hereby agree to obey the rules and laws of the City of Boulder and State of Colorado applicable to boating and use of the Boulder Reservoir. I/we also agree to indemnify, defend, save harmless the City of Boulder, its officers, agents and employees from all claims or demands of any kind of nature for injury or damage, either to myself, my guests, or to other persons, or to my property or the property of others, arising out of or in connection with the use, storage, transportation and operation of my boat(s) at the Boulder Reservoir.

In applying for this boat and/or mooring permit, I understand that:

1. Water is stored in the Reservoir for irrigation and municipal water uses, and its level fluctuates frequently. It is my responsibility, and not that of the City, to take these changes in water level into account when operating my boat on the Reservoir, launching or retrieving it from the Reservoir, or mooring it at the Reservoir. The City will not refund any part of my boat or mooring permit because of low water on the Reservoir.
2. This permit grants me the privilege to operate a boat(s) at the Reservoir on a year round basis during the permit year. This permit may be revoked or suspended for failure to comply with any of the rules, restrictions, safety procedures or verbal instructions of lake patrol or reservoir staff.
3. The City's present practice is to close the Reservoir to boating during certain special events. Boats are not allowed to be moored on the Reservoir before approximately April 1 and after September 30 each year. Boating may be restricted at any time at the discretion of the reservoir staff.
4. Lake Patrol will be provided everyday from Memorial Day to Labor Day and on weekends only between May 16-25 and September 6-20. Lake Patrol services will NOT be available at any other time. I agree to assume the additional risk, when using the Boulder Reservoir during those times when lake patrol is unavailable. The City of Boulder is not responsible for the safekeeping of any boat or other property at the Reservoir, or for damage to any boat or property by reason of fire, flood, storm, wind, water, theft, vandalism, low water or other causes.
5. The Owner agrees to pay the application fees before mooring, docking, or storing any boat at the Reservoir, and further agrees to pay the City the following liquidated damages before removing the boat from the Reservoir if the boat is moored, docked, or stored beyond the time permitted. Wet docked boats not removed by the owner from the water by September 30 are subject to a \$10 per day fee and an additional \$50 will be added if the City removes the boat from the water thereafter. The owner further agrees that the City may padlock and retain the boat until these damages are paid in full.
6. A \$50 transfer fee will be charged to transfer a boat permit from one boat to another. The original permit must be brought in for the exchange.
7. Lost or stolen boat permit stickers will not be replaced - no exceptions
8. REFUND POLICY After 3 days NO REFUND on permits and/or moorings.
9. The owner/operator agrees to abide by all ANS guidelines. Failure to do so may result in suspension or revocation of current permit and future permit opportunities.

I agree to obey the rules and laws of the City of Boulder and State of Colorado applicable to boating and use of the Boulder Reservoir and I recognize the failure to obey laws and regulations may result in the suspension or revocation of this permit and the attendant right to operate this boat on the Reservoir and of the right of entry onto the Reservoir represented by the season Reservoir passes issued in conjunction with this boating permit. Understanding these restrictions, limitations, and conditions upon my use of this boating permit and the related season Reservoir passes, I knowingly apply for the boat permit specified in this application.

If the boat is owned jointly, all owners must sign.
