## SECTION C: IMMIGRATION STATUS AFFIDAVIT

I understand state law (House Bill 1023) requires proof of lawful presence in the United States when a public benefit is received and that this rebate cannot be processed until I complete section 1 and 2 of the Immigration Status Affidavit found on page 3 of this document, including a photocopy of the required identification.

## SECTION D: WATER SYSTEM CHECK LIST ONLY FOR IRRIGATION/OUTDOOR REBATES

I hereby declare that I have personally inspected or had a professional inspect the irrigation system at the given address and it complies with the following Water System Check List:

1. There are no broken or missing heads on any irrigation zone.
2. There are no leaks when the system is shut off.
3. There operating pressure of the system averages 55 psi or less.
4. There is an approved, working backflow prevention assembly.

## Outdoor Rebates

ONLY THE ACCOUNT HOLDER CAN APPLY FOR THE REBATE.  
REBATES ARE LIMITED AND ARE GIVEN ON A FIRST COME  
FIRST SERVE BASIS.

### Smart Irrigation Controllers -

Must be a SWAT (Smart Water Application Technologies®) tested climate-based or sensor-based controller which appears on the SWAT "Tested Products" list. The SWAT list can be found on the Irrigation Associations website:  
[www.irrigation.org/SWAT](http://www.irrigation.org/SWAT).

### Matched Precipitation Rate Spray Heads or Nozzles -

Must be appear on the Water Conservation approved list of rotary heads. These heads are designed to replace standard spray heads not rotor heads. Rotor heads do not qualify for rebate at this time. NOTE: Installation of these heads may require longer run times even though less water is being used. The list can be found on the sprinkler rebate page by going to [www.bouldersaveswater.net](http://www.bouldersaveswater.net).

### Drip Irrigation System -

All drip line piping and associated emitters, drip pressure regulators, drip filters, flush valves, drip backflow devices, and one battery-operated timer per system. Backflow prevention assemblies and pressure regulators designed to protect the entire property and/or entire irrigation system do not qualify for rebate.

### Irrigation System Audit -

To be eligible, the audit must be performed by an Irrigation Association (IA) certified auditor. Approved auditors can be found at [www.irrigation.org](http://www.irrigation.org).

## Indoor Rebates

### Clothes Washers -

Washers (clothes washing machines) must appear on the Water Conservation approved list of washing machines. All listed washers have been selected because they meet the highest standards for water and energy efficiency. Approved washers have a water factor (WF) of 4 or less and are also Energy Star rated. Please note: only washers on the Water Conservation Approved List are eligible for rebated. The water factor equals the amount of gallons used per cubic foot of laundry. The list can be found on the washer rebate page by going to [www.bouldersaveswater.net](http://www.bouldersaveswater.net).

### High Efficiency Toilets & Low Volume Urinals\*-

Toilets and Urinals that appear on the Water Conservation Approved list are EPA WaterSense approved. Only toilets approved by the WaterSense program will be eligible for rebate. WaterSense approval toilets are high efficiency toilets (HET) which are rated to use 1.28 gallons per flush (gpf) or less and Urinals are low volume urinals using 0.5 gpf or less. A list of toilets and urinals can be found on the toilet rebate page by going to [www.bouldersaveswater.net](http://www.bouldersaveswater.net). Toilets and urinals can also be searched by going to [www.epa.gov/watersense](http://www.epa.gov/watersense). Similarly, only WaterSense approved dual-flush toilets are eligible for rebate.

### Process Water or Other Appliances-

The City of Boulder Water Conservation office will offer a percentage on these types of rebates on a case by case basis. Please call the Water Conservation office for more information.
