

## Recent Acquisitions

Over 2,100 acres have been added to the city's open space system since the beginning of 2005. These new properties include large and small tracts, parcels that provide important trail links, and areas where development would have a significant impact on other publicly owned lands and surrounding areas.

Following are some of the recent acquisitions in our system.

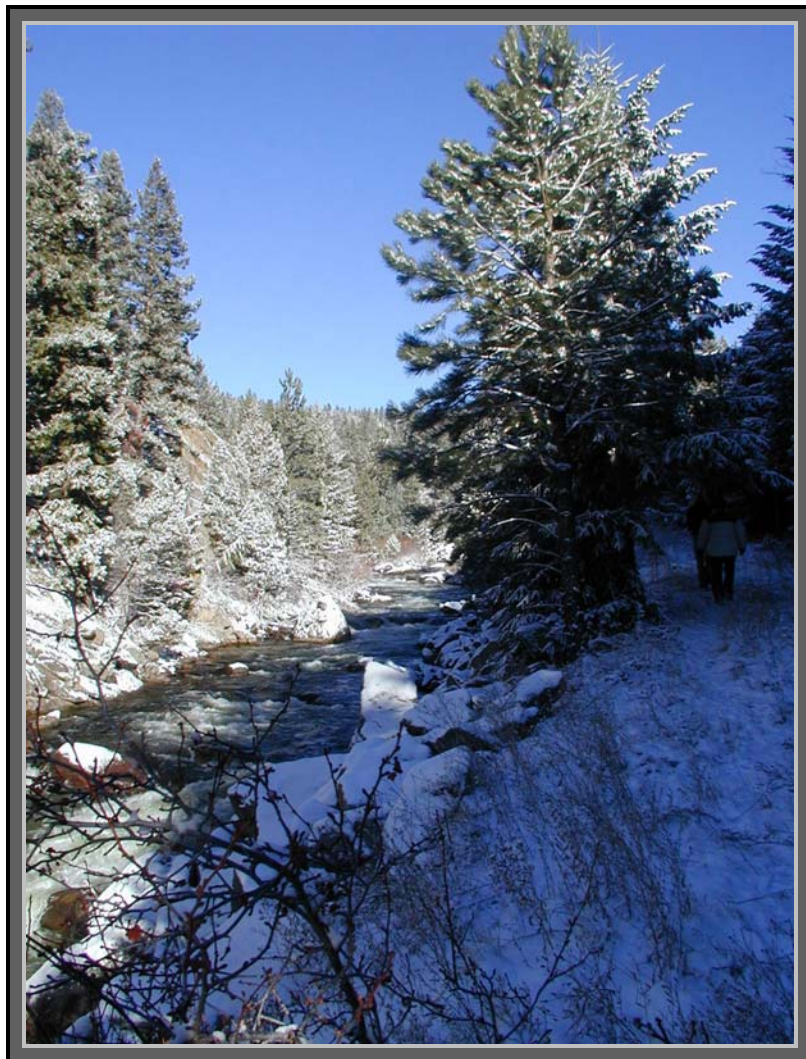

Please note, pursuant to Section 9-8-6 B.R.C. 1981, not all newly-acquired properties pictured are available for public use.

Hunter/Kolb Property, 40 acres, purchased in April of 2008, along Arapahoe Road.  
*(Preservation of agricultural uses.)*

Stratton Property – 80.8 acres purchased in 2007.  
*(Preservation of water resources, scenic vistas, wildlife habitats, fragile ecosystems, agricultural uses.)*

Rice Sisters Property – 35 acres purchased in fee interest in 2006 with a conservation easement over an additional 44 acres, located in Eldorado Canyon.  
*(Preservation of scenic areas or vistas, wildlife habitats, or fragile ecosystems)*
